IN THE SPECIFICATION

Please amend the title as follows:

~~System and Method for Generating an Analog Signal in a~~
Hand-Held Computing Device <u>with an Analog Input</u>

Please amend paragraph [01] as follows:

[01]   This application claims the <u>priority</u> benefit of <u>U.S.</u> Provisional Patent Application ~~Serial No.~~ <u>Number</u> 60/468,447, filed May 5, 2003, <u>and</u> entitled "System and Method for Generating an Analog Signal in a Hand-Held Computing Device<u>,</u>"[[,]] <u>the disclosure of</u> which is incorporated herein by reference. This application is also related to U.S. Patent Application <u>Number 10/839,925</u> ~~Serial No. _____~~, <u>filed May 5, 2004, and</u> entitled "System and Method for Controlling Polling of a Signal in a Hand-Held Computing Device<u>,</u>"~~,~~ ~~filed May 5, 2004,~~ <u>the disclosure of</u> which is <u>also</u> incorporated herein by reference.

Please amend paragraph [022] as follows:

[022]   Other applications for the analog input device 120 include, for example, "radial menus" in which navigation ~~is by~~ <u>occurs through</u> radially arranged menu options, which may be nested into hierarchical levels of menus. Radial menus are described in more detail in co-pending U.S. Patent Application <u>Number 10/826,533</u> ~~Serial No. _____~~, entitled "Radial Menu Interface for Handheld Computing Device."
